Summary

I am an Emerging Sustainability Analyst with over 3 years of professional experience in international business and supply chain operations. My expertise lies in ESG frameworks and sustainability reporting, where I excel in translating complex concepts into actionable insights in alignment with business goals. My background also includes significant achievements in sales and client engagement, demonstrating a commitment to growth and effectiveness.

Experience

Gujarat Craft Industries Limited

May 2022 – Present

International Sales Executive

Ahmedabad, Gujarat

- Generated \$200K+ in monthly revenue through targeted business development strategies.
- Led B2B outreach, closing deals with 3 international clients across Europe, Africa, and the Middle East.
- Oversaw EcoVadis and UNGC reporting to ensure alignment with global sustainability standards.
- Implemented a market research-driven sales strategy, boosting order volume.
- Managed customer relationships, ensuring a 90% retention rate and consistent repeat business.

Projects

BCG Climate & Sustainability Consulting Simulation | GHG Baseline Analysis

November 2025

- Built a practical decarbonization strategy through a guided consulting simulation, conducting Scope 1, 2, and 3 GHG baseline analysis, industry benchmarking, cost-benefit evaluation of abatement initiatives, assessment of transition risks and opportunities, and development of a prioritized decarbonization roadmap based on impact, feasibility, and financial return.

Sustainability Banking Job Simulation (ACCA) | ESG Due Diligence & Sustainable Finance

November 2025

- Completed a hands-on sustainability banking simulation, conducting ESG due diligence on a palm oil producer, assessing material ESG risks and controversies, designing Sustainability-Linked Loan KPIs and multi-year SPTs, and developing an internal audit scope for GHG emissions reporting and ESG data governance.

TCS ESG Job Simulation | ESG Gap Assessment

October 2025

- Analyzed sustainability needs of a higher-education client, conducted a comparative assessment of TCS sustainability solutions, and developed a fitment matrix mapping digital ESG solutions to client challenges across energy, emissions, buildings, water, and climate resilience.

ESG & Sustainability Analysis | ESG Framework, Materiality & GHG Accounting

October 2025

- Conducted materiality assessments, Scope 1–3 GHG accounting, and ESG disclosure analysis using GHG Protocol, GRI, BRSR, and SASB, including corporate report reviews (Wipro, HUL) and sector-specific mock disclosures.

Technical Skills

ESG Skills: Corporate Sustainability | ESG Data Analysis | BRSR | Scope 1–3 GHG Accounting (Project Based) | GRI | UN SDGs

Analytics & Reporting: ESG Dashboards | Sustainability Metrics | Excel | PowerPoint | Market Research

Collaboration: Stakeholder Engagement | ESG Compliance Tracking | Client Handling

Learnings

Courses

- Introduction to ESG (Coursera)
- ESG Fundamentals for Financial Decision-Making (Coursera)
- Sustainability Consulting (Coursera)
- ESG Disclosures and Compliance (LinkedIn Learning)
- IFRS Sustainability Disclosure Standards (IFRS Official)

Key Achievements

- Leveraged market and customer data to identify high-potential regions, supporting sustained revenue growth across 3 continents
- Developed market-specific messaging that increased digital engagement and product inquiries by 30%
- Drove international sales across Europe, Africa, and the Middle East, contributing to a 25% increase in cross-border revenue.
- Revamped catalog descriptions and pricing strategies on major B2B platforms, increasing profile views by 40%
